# NON STOP CHRISTMAS ACTION WITH LEGO SYSTEM AND THE SHEFFIELD SHARKS

HAVE THEY BITTEN OFF MORE  
THAN THEY CAN CHEW?

It's been a MASSIVE year for LEGO SYSTEM, with  
four great NEW ranges launched!

The LEGO CLUB brought you  
**HOT** news of them all  
BEFORE they hit the shops!

First there was the daring LEGO SYSTEM  
Divers range, then came the weird and  
wonderful Lord of the Bats. We also  
previewed LEGO SYSTEM Indians and  
introduced you to the brilliant UFO range!

Over the year, we've had stacks of letters  
from you about your favourite new models -  
and you'd be surprised at just whose names  
were lurking in our postbag!

Here, as a special Christmas treat for you,  
we've persuaded two of our famous fans to  
do a Celebrity Review of the 1997 LEGO  
SYSTEM ranges.

So let's hear it for Sheffield  
Sharks star players Deon  
Hames and Todd Cauthorn!  
Over to you boys!

Also  
available  
in the  
UFO range

Xhyper  
(6836) A small  
space explorer  
with techdroid  
in command.

Xalienator  
(6975) Fantastic UFO  
with special controls  
and small exploration  
vehicle - plus alien  
and techdroids.

## His verdict:

"Wow! 10 out of 10 for  
this brilliant UFO! It was  
only after I'd finished  
building it that I  
realised just how  
incredible the  
special features  
are. I particularly  
liked the bits that  
light up to give the  
real effect of spinning  
through space in a UFO!  
Nice one, LEGO!"

**DEON  
HAMES**

Position:  
Point Guard  
Number: 10  
Age: 23

'Neon' Deon is the 5' 10"  
floor general from Trenton,  
New Jersey and the  
fastest player in the team.  
He has 'the face of an  
angel but the eyes of an  
assassin'.

## DEON REVIEWS THE LEGO UFO RANGE

The model Deon built was  
Xinterstella Voyager  
(6979), an incredible UFO  
space ship with micro  
motor to operate the Fibre  
Optic System and a control  
bridge that lights up.

## PRODUCT REVIEW

**DIVERS**

**TODD  
 CAUTHORN**

**Position:** Forward  
**Number:** 14  
**Age:** 25

Solid, dependable Todd is a hero to his fans and a player every coach would love to have on his team. The 6' 8" forward is one of the best finishers in the business - a sure shot from beyond the arc and a menace under the basket.

"Wow! I never thought exploring underwater could be this exciting!"

Wahl! It's a new breed of SHARK....and it's heading this way .....HELP!!

**His verdict:**  
 "This model goes beyond the pale! It was great fun to build - and of course, being a Shark myself, I'm a real water baby! I loved the sub-aqua capsule 'cos the front window actually opens just like the real thing. The shark and octopus really brought the model to life for me!"

**Coral Reef (6560)**  
 A deep sea ocean base and boat with telescopic crane and diver's cage - plus a submarine complete with divers and underwater camera!

ALSO AVAILABLE IN  
 THE DIVERS RANGE ...

**Calypso Base (6441)** Deep sea exploration has never been so much fun. With the ocean's hidden dangers, these divers are risking their lives to discover the secrets of the ocean.

**TODD  
 REVIEWS  
 THE LEGO  
 DIVING  
 RANGE**

The Space model Todd built was Calypso Base (6441), a deep

**Tooth Cavern (6559)** For real treasure seekers this set has everything you need. For real exploration and adventure seek out the whales skeleton!

TODD REVIEWS THE LEGO LORD OF THE BATS RANGE

The model Todd chose to build was Count Batlord's Kingdom (6097), an eerie castle complete with trap doors, secret passages and rotating walls to protect the magic book hidden in the tower.

**His verdict:**

"This is a seriously cool set with a seriously foreboding dragon! You'll just love Count Batlord and Hubble Bubble. The castle has lots of secret features to discover. It kept me busy for hours!"

Why, how come I have to walk?

Hubble Bubble's Dragonair

(6037) A crazy flying boat to transport Hubble Bubble to new worlds!

DEON REVIEWS THE LEGO INDIANS RANGE

The model Deon chose to build was Big Chief Rattlesnakes's Camp (6766), which comes complete with Indians, wigwams, canoes and all their belongings.

WHOA!

Snake Creek (6746) The Chief and his Braves with Wigwam and Totem Pole!

To win one of these cool LEGO sets, you need to answer this question:

We've got 70 GREAT PRIZES for the first 20 correct answers!

5 x Count Batlord's Kingdom (6097)  
5 x Big Chief Rattlesnakes Camp (6766)

5 x Calypso Base (6441)

6037

"I'm going to zap Batlord with one of my magic spells..... HA HA HAAAAA!"

# IT'S THE BIG CHIEF! NOW HE'S ONE COOL GUY!

6037

## Batlord's Prison

(6047) A prison like you've never seen before - complete with guards and dragon!

## His verdict:

"Guys - this is one cool model that scores high on every count! It reminds me of growing up back home when I used to play cowboys and Indians as a kid. My real favourite has gotta be the Chief 'cos his head gear is totally whacky! The other guys are pretty neat too!"

**BIG CHIEF RATTLE SNAKE'S CAMP (6766)**  
THE HOME OF THE INDIAN TRIBE.

"Hey, just take a look at the fantastic new range of LEGO models available in 1998!"

"I've found this brilliant Wall Planner to hang up, but where did I put my keys?"

"I think I'll hitch a ride back to Earth on this LEGO UFO!"

Out in August!

Groan! Get up an hour earlier!

Now you'll really catch the bug... ha ha ha!

# Stars shining

The Christmas sky is filled with bright and dazzling stars. One of those stars is the LEGO Star, home to the new LEGO UFO range.

The LEGO Star was named to mark the 65th birthday of LEGO and to celebrate, we're giving away a special Star Prize in this issue's Master Builders!

## Master Builder Awards SPECIAL

Well done to all of you whose models are seen below - you all win Master Builder Certificates. It's a pity we can't show every entry, 'cos you've got some great ideas - keep on building!

Remember to include your name, age, address, membership number and model name. Pictures cannot be returned.

Jack Westwood and his best friend Stewart Allen (both aged 5) worked together to build their Super Space Grabber Car. It looks a real mean machine!

Andrew Mair, aged 8, from Leicester, is as proud as punch of his Star Crusher. It looks menacing enough to threaten any star!

Brothers Matthew (7) and Jonathan (5) Fearnley, from Leeds, show off their models of a Moon Buggy and a Speeder. Well done guys!

This LEGO Diving Submarine is the work of Hugo Grant, aged 7, from London, who looks pretty pleased with himself!

This detailed Transport Centre was designed by 9-year-old Ben Allington from Essex. It must have taken ages to build - not to mention the patience needed!

# right above you!

Star gazers can spot the LEGO Star if they look hard enough. It lies in the constellation Ursa Minor, close to the North Star and can be seen through binoculars or a telescope.

Timothy Saunders, from Guildford, Surrey, is the designer of these two Pirate Scenes which we think are really cool!

Oliver Blake, from Yorkshire, built this model of Crocodile Creek all by himself - and he's only just five! Well done Oliver!

Wow! This fantastic Football Stadium took 11-year-old David Taylor, from Saltash, Cornwall, over four days to build! It holds a crowd of 157 LEGO supporters!

## STAR PRIZE!

URSA MINOR

The model of the LEGO Star will be in Robin.

Robin Poyster, from Fareham, Hants, has sent in his model of a LEGO Lifeboat and Launcher. We think he deserves the Star Prize!

5-year-old Jack Martin, from London, has sent in this model of an Active Army Cruiser. Wee betide the enemy that gets in its path!

Arise Sir Daniel! 8-year-old Daniel Webb, from Greenford, Middlesex has made a swash-buckling job of this Sword and Shield set!

These two brilliant models of a Dumper Truck and a Fork Lift Truck were sent in by Peter Pankulis, from Surrey.

James Villalard, from St. Clement, Jersey, built this model of Egypt for a school project. It includes pyramid, crocodile, skeletons and the River Nile. Good work, James!

## TOBOGGANNING SANTA

Santa lives in Lapland, so he's quite a cool dude when it comes to racing down snowy slopes on a toboggan! Whoa! Don't lose your balance, Santa!

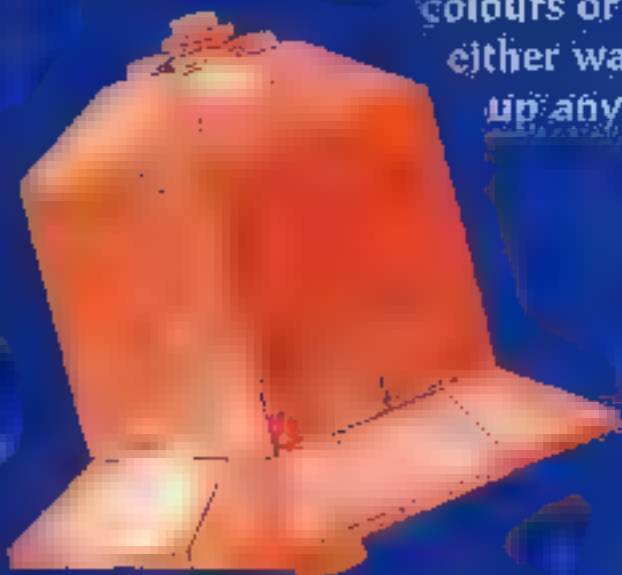

Stuck what to buy your favourite people this Christmas? Why not create your own great gifts with these special Christmas decoration building ideas!

There are 8 easy-build designs to follow. Create them in these colours or choose your own - either way, they'll brighten up any Christmas tree!

## JINGLE BELLS

Jingle bells, jingle bells, jingle all the way! Oh what fun it is to ride on a one horse open sleigh! Ring in Christmas with this festive bell! Your Christmas tree won't be complete without...

## SKIING SANTA

Santa always wears his smart shades when he's on the piste! He uses his to deliver presents from house to house even reindeer drivers may be surprised!

## LIGHT UP CHRISTMAS WITH LEGO CANDLES

Two great Christmas candles to build. Put one on the mantelpiece next to where you hang your stocking - or use them to brighten up the Christmas dinner table! (Better check with Mum first!)

# THIS YEAR WITH:

## DECORATION BUILDING IDEAS!

### STAR LIGHT STAR BRIGHT

Two brilliant stars for the top of the tree! You can build them twice the size if you have a big tree. Don't forget the splashes of colour to add sparkle to your stars!

### SOMETHING FOR THE TREE

These hanging decorations will add a touch of splendour to any Christmas tree. Build them in every LEGO colour you have for a dazzling display!
